

Siberian Lynx 7 Fun Facts...

The Siberian Lynx makes its home in forests, woodlands, and the tundra.

They are found in Russia, China, Mongolia, Korea and in the North of India.

They like to be alone except for a mom with her babies.

They have webbed paws that act like snow shoes, and also make them excellent swimmers.

The have long tufts of hair on their ears.

They have strong long hind legs which can help them to jump up to 10 feet.

They hunt deer, foxes and rabbits for their dinner.

3 Research Questions...

1. What kind of sounds does a Siberian lynx make?

2. How many years will a Siberian lynx live in the wild?

3. What three main patterns can you find on their fur?

ACTIVITY PAGE

Color your own lynx and post it on Facebook, Instagram, Twitter or your favorite social media site [#crittercrusaders](#), then search [#crittercrusaders](#) to see everyone's work!
